Category:Music softwareSearch Someone very pretty was talking about how she always makes a point to cover up her thong. On the other hand, I'm sure some girls would feel uncomfortable to expose themselves, with or without a thong. I don't mind seeing bits of bare legs, or visible underwear if it is right. I like girls who have confidence in their clothes and bodies; if they are not confident about their body, they aren't attractive to me.Q: (jQuery) How to add jquery next to select list only after page loads with javascript I have made a page that requires javascript, the page contains a form which contains a select list. The problem I have is that all the times the page has loaded the select list is next to the button. What I want is that only when the page loads the select list is next to the button. below is my form in html.
